

ESGI perspectives on e-Infrastructure collaboration

Cross-e-Infrastructure collaboration and
coordination, e-IRG Workshop, 31-05-2022

Thanks to EOSC EGI, EUDAT, GEANT and OpenAIRE have increased their collaboration

> **For more joint outreach → Coordinated promotion**

+65 active scientific collaborations (2021)

> **For coordinated transnational access → Coordinated provisioning**

+33% usage, EGI Federated Cloud (2021)

> **For coordinated user support → Joint training programme**

+1000 trained staff (2021)

> **A EGI and EuroHPC cooperation important to deliver the Compute Continuum to the ERA**

> **e-Infrastructure governance need to ensure continuity of collaboration in the long-term**
