## Energy crisis impact on Universities and Research data centres

*Monday, 12 December 2022 16:20 (20 minutes)*

Ülar Allas: There are three major HPC service providers in Estonia. The energy crisis affects the operation of HPC centers, making it more expensive. The presentation provides an overview of how Estonian HPC centers cope in difficult times.

**Presenters:** STŘELEČ, Martin (University of West Bohemia, Pilsen); ALLAS, Ülar (University of Tartu); MIHALJEVIĆ, Slaven (University of Zagreb, University Computing Centre (SRCE))

**Session Classification:** Energy crisis and e-Infrastructures
