Common European Data Spaces: challenges and opportunities

Tuesday, 13 December 2022 11:05 (15 minutes)

We will discuss ongoing work in the context of data.europa.eu, exploring existing and emerging developments and initiatives around data sharing with data spaces (e.g. International Data Spaces Association, GAIA-X and OPEN DEI) to identify data holders of open data who are involved in ongoing data space implementations; and reflect on the role that open data portals could play in these implementations.

Presenter: SIMPERL, Elena

Session Classification: Data Infrastructures and Data Spaces
