Machine-Actionable DMPs

Tuesday, 13 December 2022 14:20 (15 minutes)

In this talk I will outline the key differences between traditional DMPs and machine-actionable DMPs. You will get to know what the current status is and in what way maDMPs can improve the current practice of research data management.

Presenter: MIKSA, Tomasz (TU Wien)

Session Classification: Interlinking - interaction between data, publications and PIDs
