

## **60-min deep-dive: How developments in the world around us are impacting what we do –Geopolitics and sustainability**

*Thursday, 14 December 2023 11:00 (1 hour)*

The world is changing and we are in the midst of it. In this session we examine relevant geopolitical developments in greater details and discuss how these are impacting the project. Is it impacting us? Are we aware of our changing world or are we naive? How does the increased focus on sustainability impact how we work together?

**Presenters:** STOVER, Cathrin; IKE, Hendrik; VERSCHOOR, Olaf
