

60-min deep-dive: Deep dive into Software Governance –quality badges

Thursday, 14 December 2023 11:00 (1 hour)

This session is aimed at everyone who has contributed to software development in GN (SW. engineers, developers, team leaders, product owners or task leaders) and all participants are encouraged to take part in the discussion on Software Governance in GN5-1. The discussion topics will be around quality badges, in relation to two selected areas: 1) establishing a software licence 2) adoption of Common Best Practices.

Presenters: RZACA, Magdalena; WOLSKI, Marcin (PSNC)
