

PARTNERSHIP FOR ADVANCED COMPUTING IN EUROPE

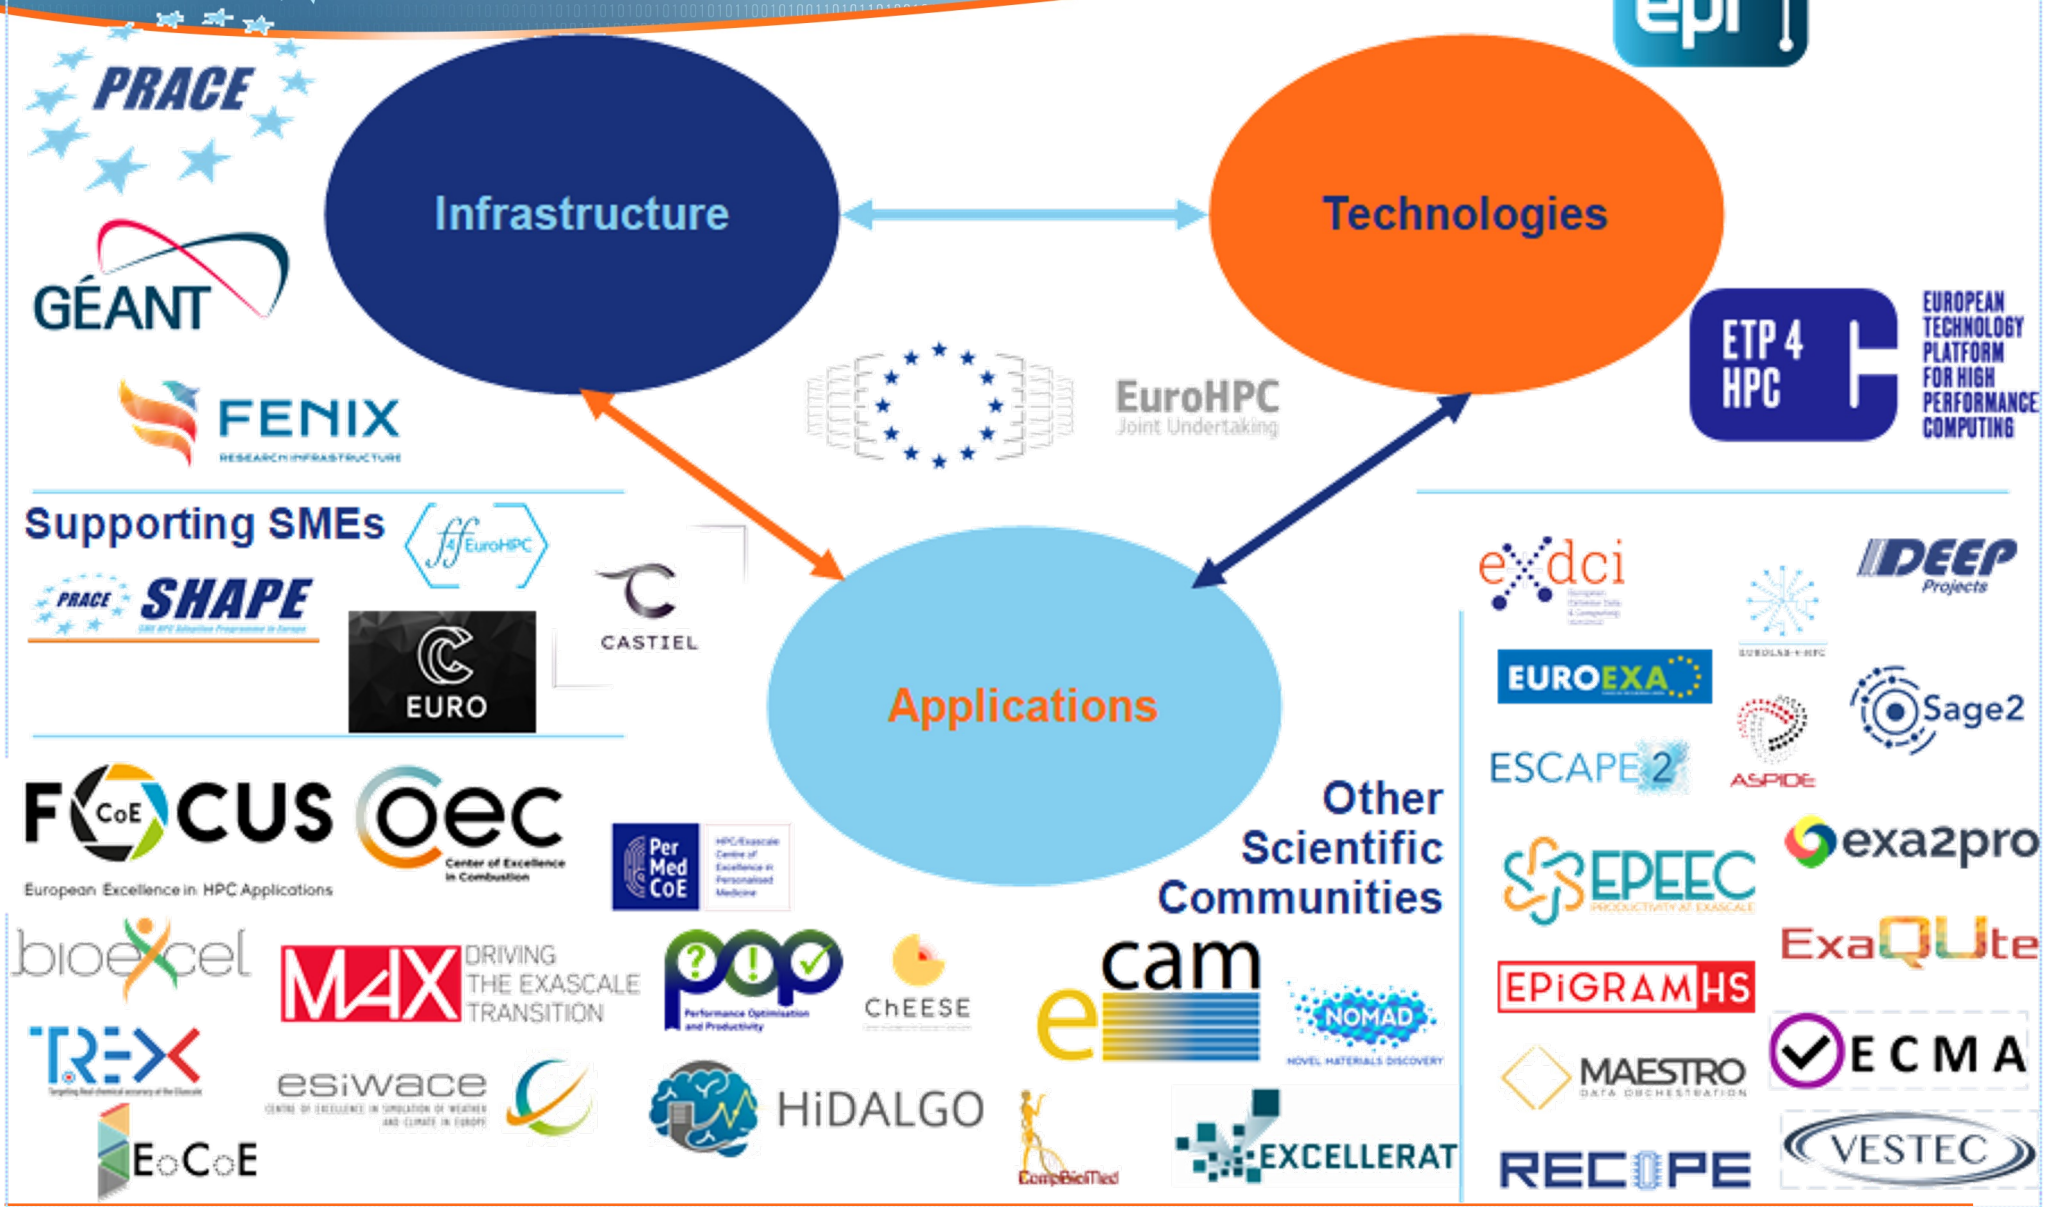

# PRACE in the current European RI ecosystem

---

Philippe Segers

*PRACE Board of Directors*

# Back in time, life was so simple...

- ▶ EuroHPC is now co-funding HPC systems in Europe
  - ▶ Petascale Systems
  - ▶ Pre-Exascale Systems
  - ▶ Exascale Systems
  - ▶ Quantum Computing Systems
- ▶ EuroHPC is now allocating HPC resources in Europe
  - ▶ Through a Peer Review process
  - ▶ With a Peer Review tool dedicated to HPC resources allocation
  - ▶ With the support of PRACE to ramp-up this new process
- ▶ EuroHPC is also funding projects related to the HPC ecosystem and its coordination
- ▶ PRACE is in a transition phase, focusing on service to the European HPC ecosystem
- ▶ PRACE as a representative of the user communities (bottom-up)
  - ▶ Maintain close relationship in an inclusive manner with all European HPC stakeholders
    - ▶ EuroHPC, Centres of Excellence, Competence Centres, EUDAT, Fenix, EGI, Gaia-X...
    - ▶ European Research Infrastructures, EOSC, SKAO, CERN...
    - ▶ Other European (and National) initiatives...
  - ▶ Maintain close relationship with actors beyond Europe (International collaboration)
- ▶ PRACE will always be a team player ! We will be stronger together !
