CISO Wanna be

Thursday, 11 April 2024 11:00 (20 minutes)

"CISO Wanna Be" is an informative, inspiring and engaging talk that will benefit professionals and individuals aspiring to take on the role of Chief Information Security Officer within research and educational institutions. I believe that this presentation will be a valuable addition to the Security Conference, contributing with a solid but also pragmatic approach to cybersecurity practices and to such important role as it is CISO.
