Engaging with the DDI Strategic and Scientific Work Plans

Wednesday, 4 December 2024 13:25 (20 minutes)

Earlier this year, the DDI Alliance Executive Board and the Scientific Board announced a new DDI Strategic Plan, 2024-2027 and the complementary new DDI Scientific Work Plan, 2024-2026. These documents represent the culmination of collaborative efforts and thoughtful input from our community, and they are now ready for implementation and use.

This poster will highlight the focal points of the plans, especially for this upcoming year. It will also highlight how individual community members and working groups can participate and contribute, as well as opportunities for community members to provide feedback to the boards.
