Questionnaires with DDI-Lifecycle: community feedback for future improvements

Wednesday, 4 December 2024 13:05 (20 minutes)

Do you currently, or do you plan to document questionnaires with DDI-Lifecycle? The DDI Questions and Questionnaire Working Group invites you to participate in this birds of a feather to discuss how the DDI Alliance can make use of the standard easier for you.

We will discuss what you wish DDI-Lifecycle could do, and what aspects are most challenging when documenting questionnaires. The outputs will be used to; 1) improve the DDI standard 2) provide insights into where improved guidance is needed 3) feed into the DDI Developers Working Group for potential new light weight tooling.
