

WISE Information Security for collaborating e-Infrastructures

David Kelsey (STFC-RAL, UK Research and Innovation)
WISE virtual meeting, 29 Oct 2020

<https://wise-community.org/events>

*In collaboration with and
co-supported by EU H2020 EOSC-HUB & GN4-3*

Future WISE activities

- Will continue within the working groups
- SCI-WG
 - Need to move the Infrastructure-specific discussions into SCI
 - Aiming for guidance on Maturity assessment
 - And updated policy templates from AARC PDK
- IRTI-WG
- SCCC-WG
- The proposed new working group on Vulnerabilities will be considered by the WISE SC
- Please join the main WISE mail list and the WG lists too
 - <https://lists.wise-community.org/sympa/info/wise>

When and where will be the next WISE F2F?

- A very good question!
- In “normal” times we aim for one F2F in Europe & one in USA
- If F2F still not possible, we will organise more virtual meetings
 - Perhaps same months as in 2019 (April and October)?
 - Joint again with SIG-ISM?
- But WISE Steering Committee has not yet discussed

Thank you

- To all the speakers today
- To Ana for support, and to Alf and GEANT for hosting
- To all of you for attending and participating
- Keep well and safe
- And see you next year!
