

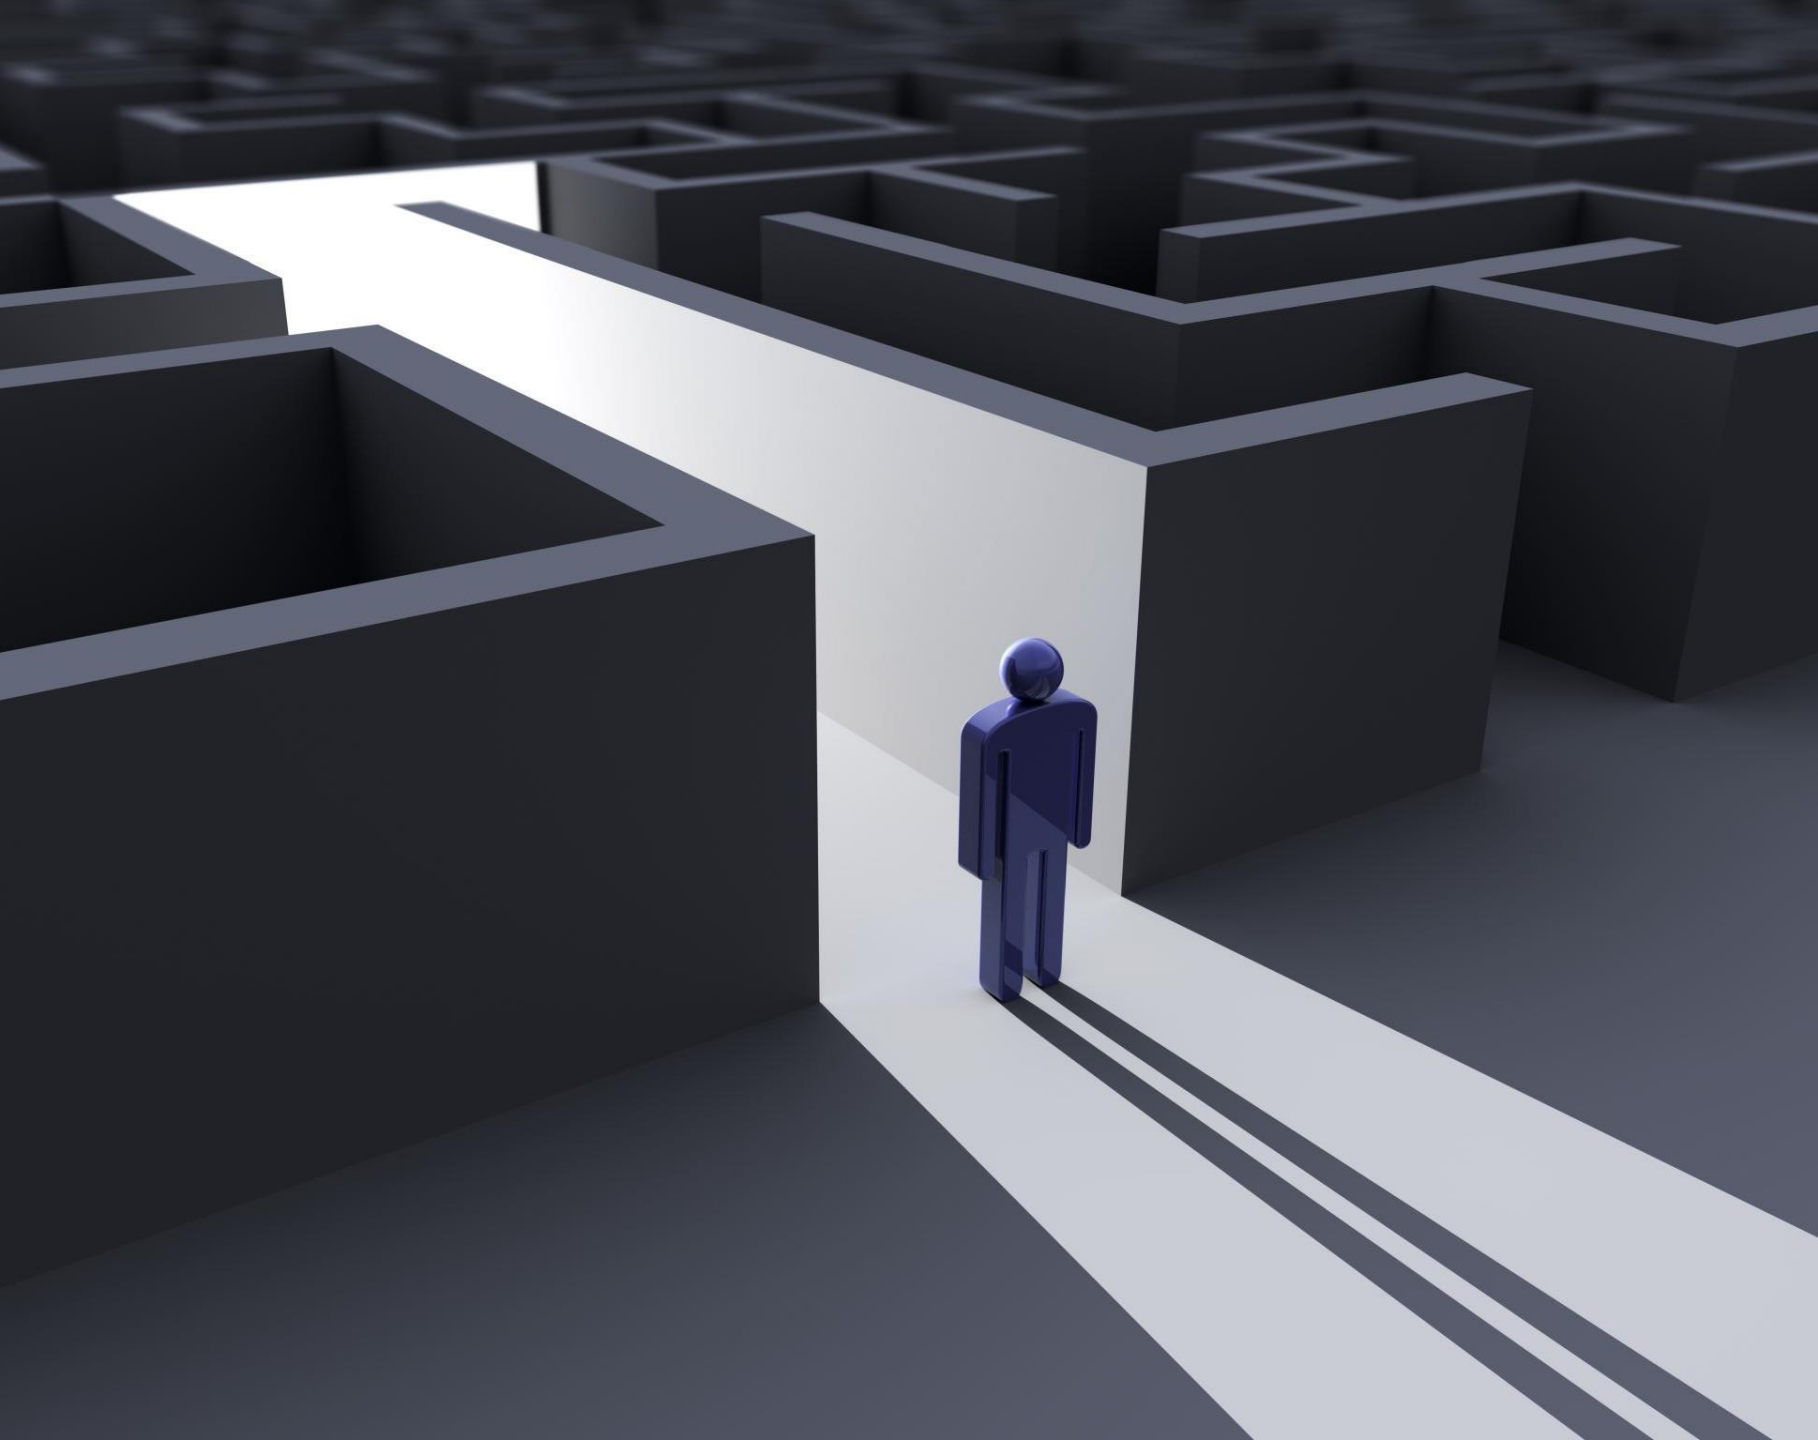

Mapping Architectures: SURFNET and SPA

Roman Łapacz, PSNC
WP T2

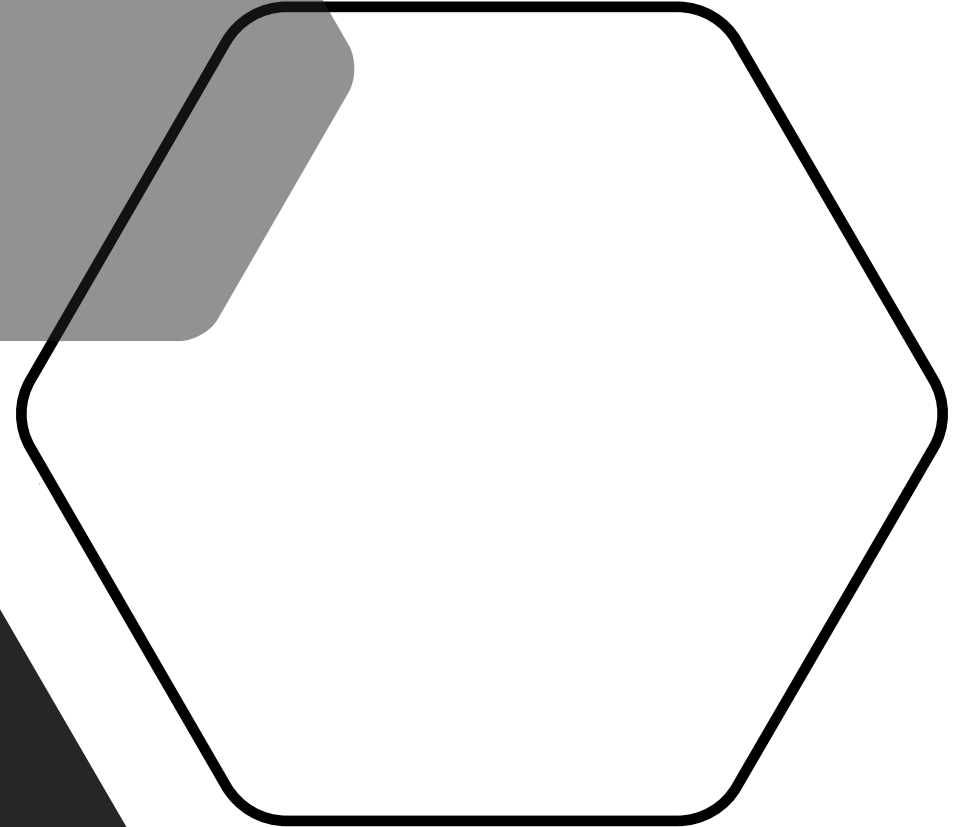

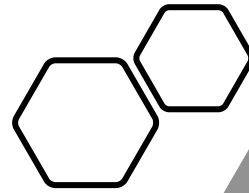

Géant Infoshare - Orchestration,
Automation and Virtualisation in
the NRENs. Ready, Steady, Go!

www.geant.org

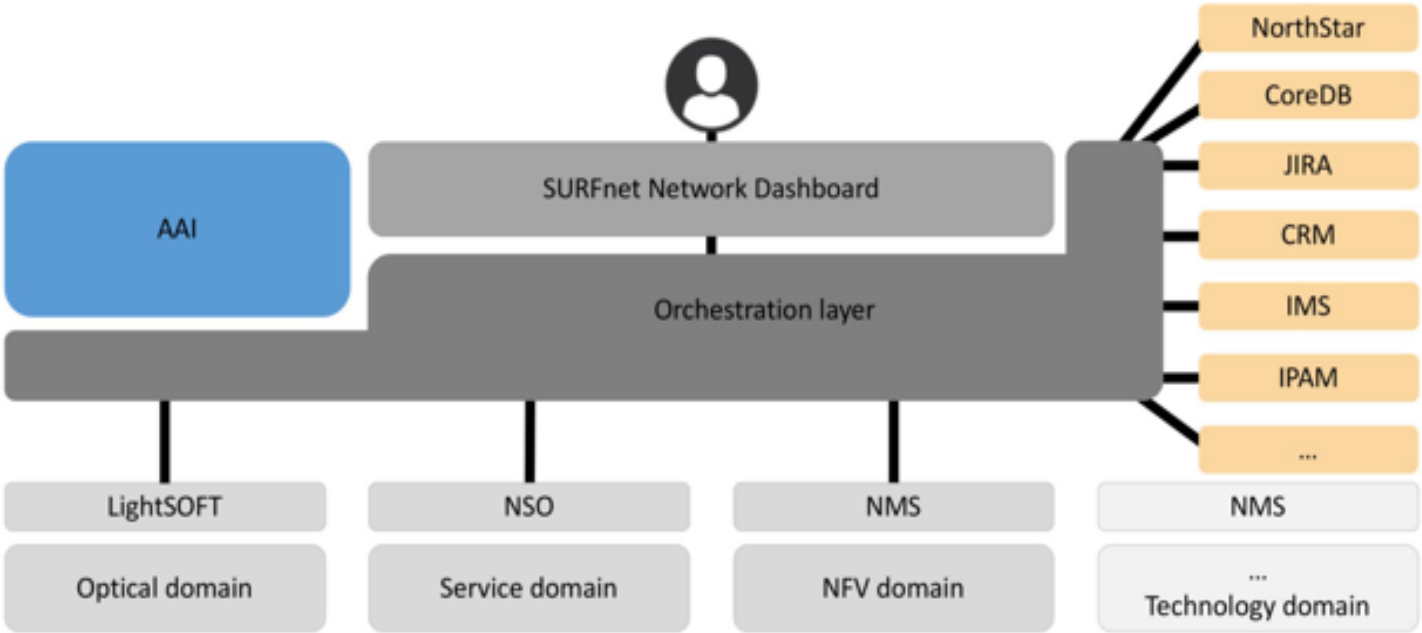

Mapping NRENs' Architectures to the TMForum ODA Reference Architecture

Why Mapping ?

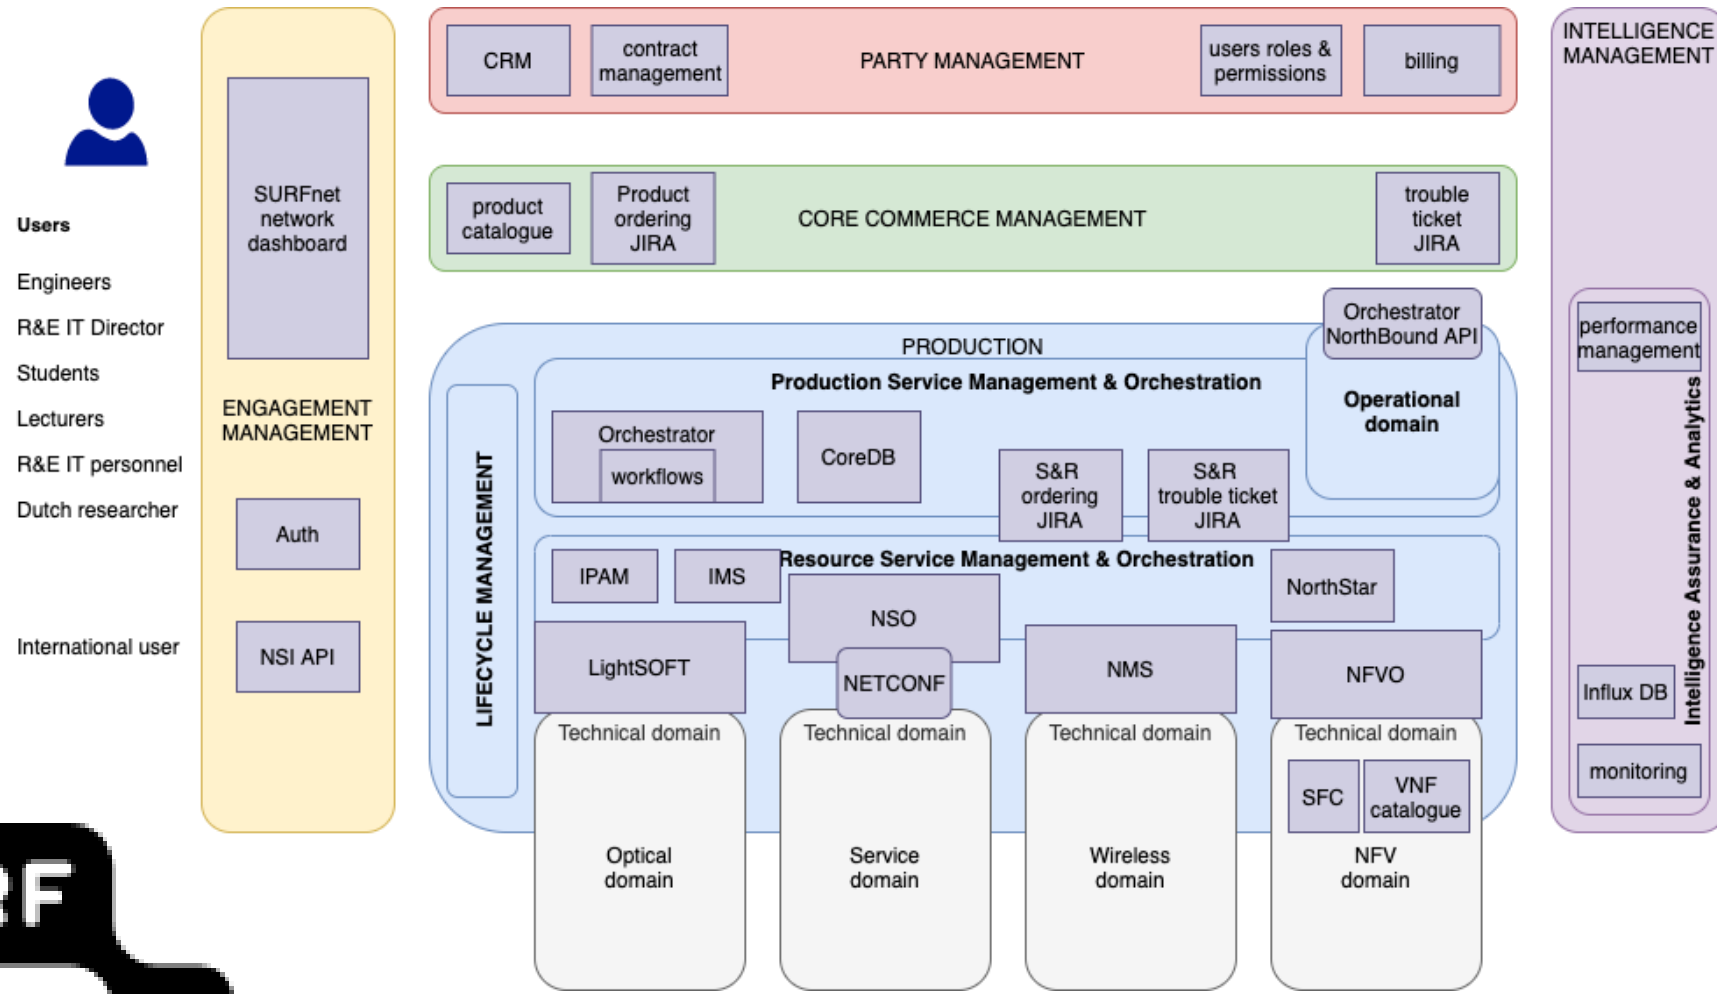

- Using a common reference point enables
 - Common terminology
 - **Components functional comparison**
 - Knowledge & experience exchange
 - **Gaps identification**

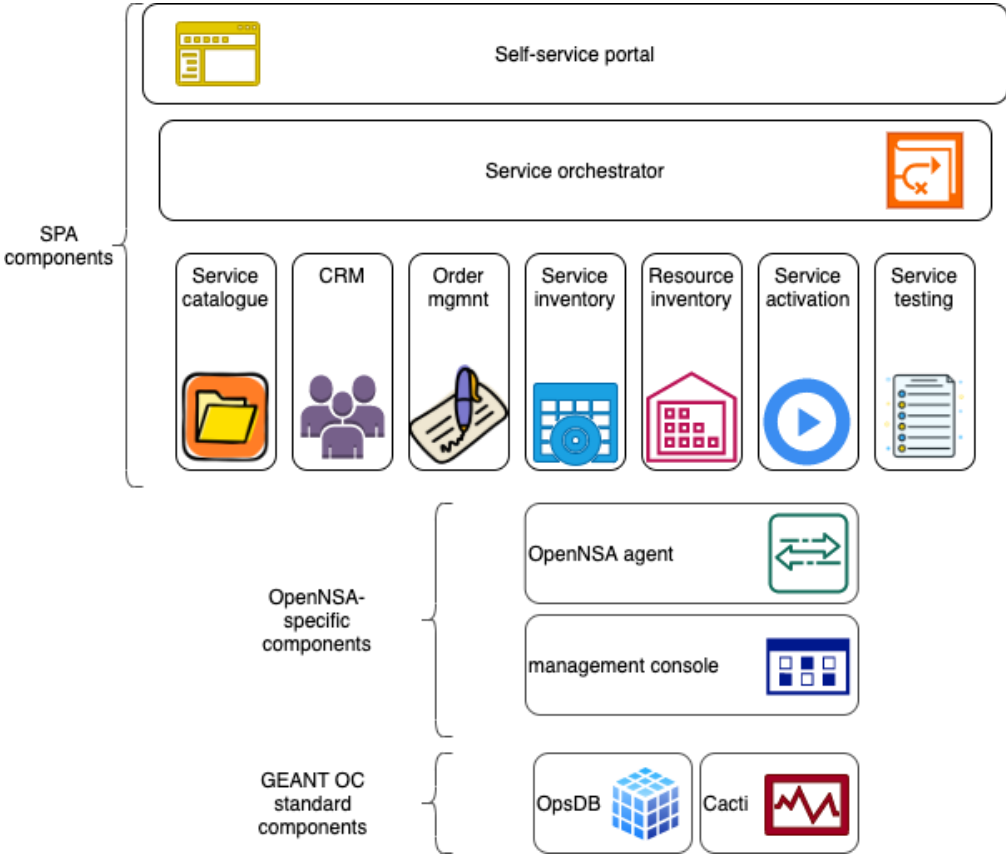

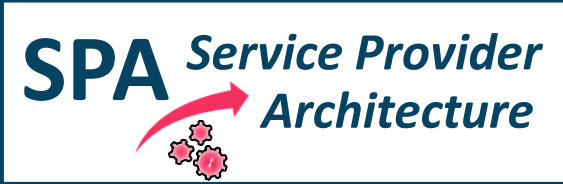

Network Orchestration and Automation in SURFnet

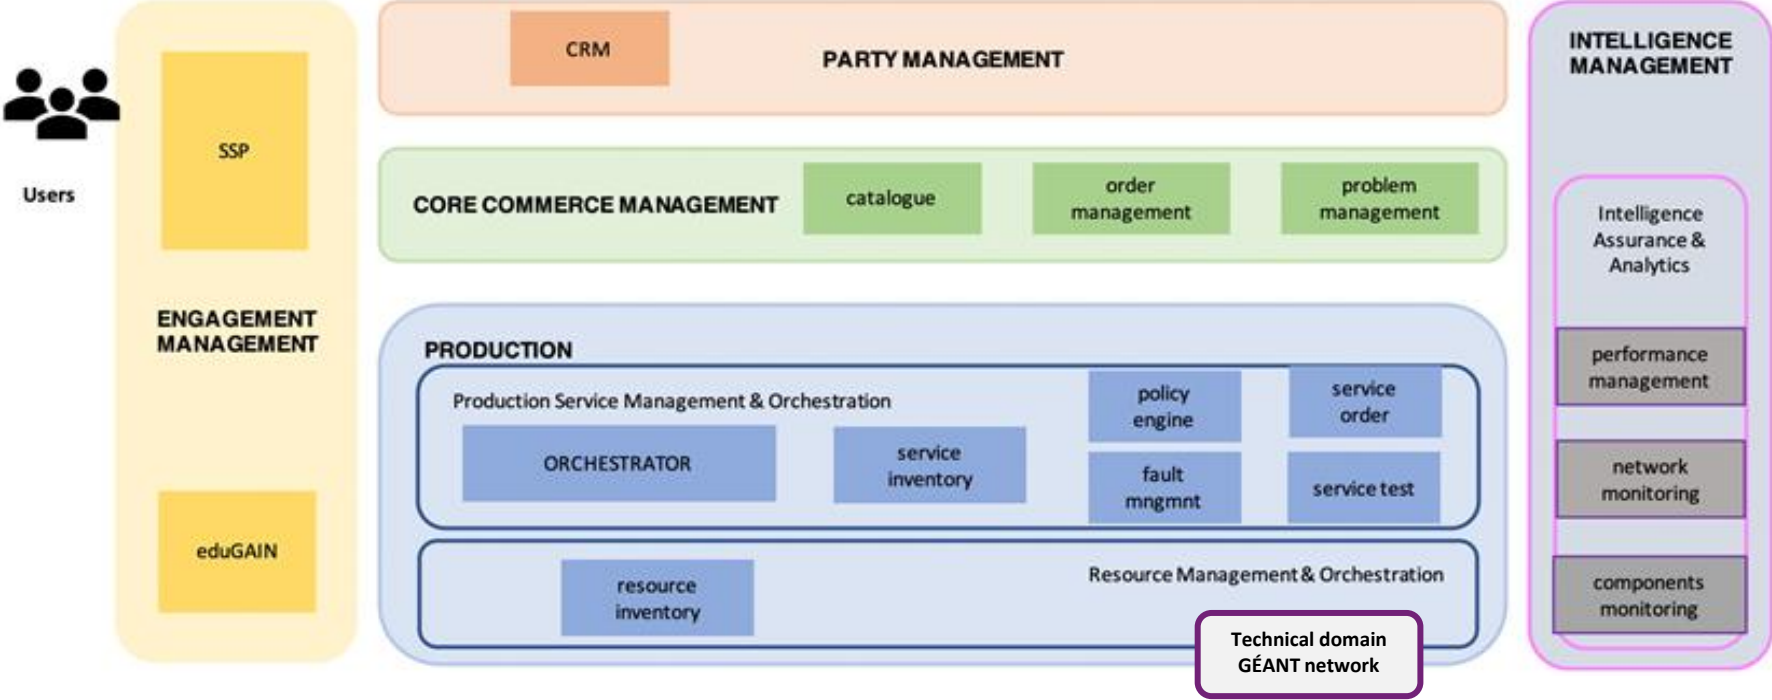

SURFnet architecture mapped to the TMForum ODA

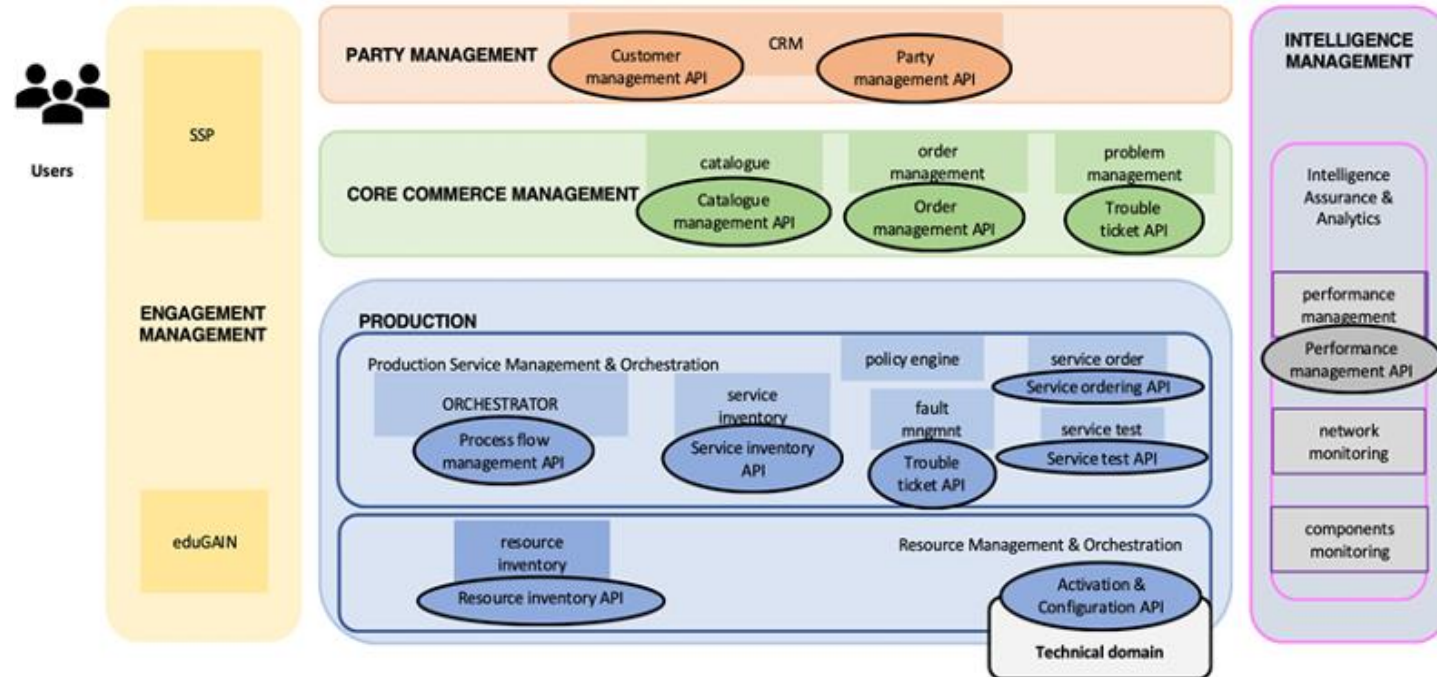

GÉANT Service Provider Architecture (SPA) Deployment for GCS (GÉANT Connection Service)

SPA architecture mapped to the TMForum ODA

SPA architecture mapped to the TMForum ODA Open APIs

Thank you
